AN AIRFORCE NEWSPAPER

Authorized second class matter by the Post Office Department, Ottawa, Ontario, and for payment of postage in cash.

The views expressed herein are not necessarily those of the Royal Canadian Air Force or the staff of VOXAIR.

Vol. 12, No. 50

WINNIPEG, MANITOBA

December 13, 1963

WARRANT OFFICER PROMOTED

Left to Right— S/L Fader and WO Berg.

Warrant Officer Second Class Andy Berg, 46, of Moose Jaw Sask., has been promoted to the rank of Warrant Officer First Class.

WO1 Berg, who is a Foreman of Works at Training Command Headquarters in Winnipeg, was presented with his new rank emblem by Squadron Leader W. H. Fader, Camp Commandant at TCHQ.

WO1 Berg was born at Moose Jaw, and educated at Wiwa View School, Hallonquist, Sask.

After enlisting in the RCAF in 1940, WO1 Berg served with the Heavy Equipment branch at various stations in Canada, until his release in 1945. For the next six years he was employed as airport manager at Moose Jaw, re-enlisting in the air force in 1951.

WO1 Berg is married to the former Lulu Button of Vanguard, Sask., and the couple have two daughters, Brenda, 15, and Bonnie, 12, and one son, David, 2.

RCAF SAFE DRIVING

The accident rate of Air Force drivers has dropped steadily during the past 10 years to a new record low of 1.5 accidents for every 100,000 miles of road.

All types of vehicles are included in this record, from the operation of heavy snow blowers, bulldozers, trucks and aircraft refuelling tankers, to buses, station wagons and cars.

Twenty percent of the accidents included in this rate are not the fault of the RCAF driver. Any in-

cident involving a vehicle, regardless of cost, is rated as an accident by the RCAF.

Safe driving is emphasized by the RCAF, not only in Canada, but also at the Air Division in Europe. Through the courtesy of the Ontario Government Department of Transport, this year thousands of RCAF personnel in Europe had their cars safety checked by the Transport Department's vehicle safety-check unit. Although private vehicles are not included in the RCAF's official accident rate, every effort is made to improve the overall air force record.

BUSY MONTH FOR 111KU

F/L S. B. GODDARD

Since the finish of the Flores search last February, 111KU had been relatively quiet as far as searches or mercy trips were concerned.

Suddenly the picture changed. On the 31 Oct. an Eskimo family were reported missing between Cambridge Bay and Perry River, N.W.T. An Albatross captained by F/L "Wally" Kostiuk was dispatched to the area and, as described in Voxair several issues ago, the missing people were located.

On 3 Nov. the stand-by aircraft arrived at Kenora, Ont., to carry out the air evac of a skin diver who had run into difficulty while diving and who was in serious condition. The Dakota, flown by F/L Bob McLarnon, was ordered to Ft. William with the patient, as special equipment to assist in the patient's recovery was available there. As it turned out, the equipment was unserviceable and the patient was flown to Winnipeg for hospitalization.

Around 1100 hrs. 7 Nov., the alarm bell in the hangar sounded, scrambling the stand-by crew. RCC informed the crew that a T33 out of Gimli was in trouble to the

north west of that station. Within minutes a 111KU Dak was airborne and on its way. A short time later the captain, F/L "J. P." Wood, was informed that the T33 crew had bailed out and had been picked up by the RCMP near Koostatak, Man. The 111 Dak was asked to press on and see if they could locate the T33 wreckage. Within an hour after arriving in the Koostatak area the wreckage was located and the search aircraft reported the details to the CO of Station Gimli.

On the 12 Nov. an Albert, flown by F/L "Wally" Kostiuk, departed for Hall Beach, NWT, on an air evac. An RC priest, Father Guy Rousseliere from Ft. Churchill, Man., had fallen and broken his shoulder. Nursing Sister Ziegler from Station Winnipeg accompanied the rescue aircraft on its long journey. The patient was flown to Winnipeg for treatment and the crew were later informed that a serious complication had set in. The patient's broken shoulder had pinched a nerve and his arm was paralyzed. It will take months before it can be ascertained as to whether or not this will be a permanent injury.

Again, on the 15 Nov., the stand-

March of Dimes

To those of us who are stepping into the category of the "older generation," the January March of Dimes Campaign with its attendant publicity, conjures up many memories.

The man who took this campaign for his own, Franklin Delano Roosevelt, was a great world leader, who through his handicap of being afflicted with polio, turned his compassion for his fellow man into a drive to help those less affluent than he, who needed material aid to battle their handicap.

Roosevelt, who is measured as the most beloved American president, between the time of Lincoln and the late John Fitzgerald Kennedy, came to office at a time when the American people needed not only his political acumen and leadership, but at a time when they needed a lifting up of spirits and a benevolent hand to guide them through poverty and trial. To light the dark years of the depression, Mr. Roosevelt gave them hope and purpose. One tiny beacon he sheltered was the campaign dubbed the March of Dimes. The title personified Roosevelt. It has a poignant light touch that matched his ability to sound his hearty, resonant voice in laughter, when the darkness of the future seemed impenetrable.

The March of Dimes turned into a great vanguard of rehabilitation for the handicapped. Where the funds once were destined for those stricken by polio, they now go to help those touched by the multiple afflictions that are the inheritance of the mortal.

The life-lighting March of Dimes movement came to Canada and was welcomed as a truly beneficial fallout of American culture. It has gained a place in the level of Canadian life inhabited by men and women who more than care about the fate of their fellow man.

It's something to think about when you are asked to contribute to a campaign called the March of Dimes next month.

The Society for Crippled Children and Adults of Manitoba

Letter to the Editor

The Editor:

At the expressed invitation of your curling columnist, may I take some of your space to present some of my views against the system employed for the selection of Consuls representation. In the main I have two objections to the system employed this year.

First of all may I make the point that I realize that some system is required, because of time limitations, which will reduce the number of entrants. My objections are concerned with the method employed.

My first objection is with the term "to keep teams from entering just for laughs." If this phrase is interpreted as meaning those teams who play for the enjoyment primarily then I suggest this club has lost sight of its reason for existence. Its prime purpose is to provide recreation for RCAF personnel at Winnipeg, not as a practice facility for rinks interested only in winning or outside competition. If, on the other hand the interpretation is that some rinks do not play to the best of their ability, I suggest this is a presumption which has no basis in fact and can certainly be taken as an indication of the regard the committee has for the membership as a whole. A third interpretation might be that it was an attempt at humor and if this is so then my only comment would be that it is humor in very poor taste.

My second objection is with the charging of a fee to enter this competition and may I hasten to add that its amount is relatively insignificant. While I am open to correction on this point, I was not aware that there was any requirement for competition in the Consuls other than membership in a club affiliated with the MCA. I do not think the committee has the authority to impose any additional fee without the approval of a general meeting and particularly when the fee is to be used as an expressed means of restricting entry. The fact that the fees were to be used to buy sweaters for the winners, when sweaters are available from sports stores, only tends to compound the error.

Your columnist in his article on the 29th of November listed four reasons which he purports are justification for the action of the committee. May I comment individually on these. His first reason which has its basis in the fact that some other clubs in the Winnipeg area do the same thing, is completely irrelevant. Going back to my objection regarding the phrasing, this is not a club similar to other clubs in the Winnipeg area. It is a club provided through the joint efforts of NPF and PF resources for the use as a recreational facility. What other clubs, who are for the most

part, I presume, self-supporting, do is their business but has no real bearing on what the RCAF does.

The question of a deadline I have also mentioned, but again I suggest that the use of a fee and veiled insult is no way to keep the entry list down although it evidently accomplished more than its purpose.

His third reason, in my opinion, does not hold water, again as indicated by this year's results, and certainly does not indicate much confidence in the common sense of the membership as a whole. And further who does really care if the best rink is left out. Again, we are not in business to provide top flight competition for outside events.

His fourth reason is presumption again that teams do not wish to RISK the entry fee. The fact that a principle is involved here seems to entirely have escaped not only your columnist but the committee too. In regard to the comment regarding debate within the committee, this I do not doubt, but its occurrence is in no way an assurance for appropriate decision. I for one do not consider that the best interests of the club were served by this decision.

In conclusion may I summarize as follows:

- (a) The phrasing used shows a startling lack of propriety on the part of the committee.
(b) The requirement for a fee is beyond the terms of reference of the committee and should be a subject for a general meeting only.
(c) This club is slowly but surely losing sight of its main purpose which is not to provide facilities for development of high class rinks for outside competition, but rather to encourage and develop an interest in curling as a recreational activity for all RCAF personnel. It is not to cater to the chosen few but to cater to the best interests of the majority. May I ask the question of what this club, with the exception of fine work done with the juniors, does to encourage new curlers?

(Signed) H. D. MONTEITH

Your columnist solicited "logical" solutions. I wonder who will determine its logic but here goes. The first sixteen rinks, after the first round of regular league play, meet in some form of elimination and this to be advised to members before the start of the season, not as a hurry-up solution to meet a deadline.

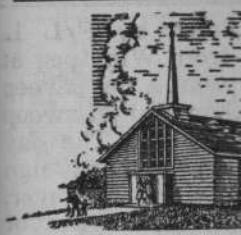

"Darling," he asked, "do you think I'm good enough for you?" "No, I don't," she replied, "but you're too good for any other girl."

MASSES

Sunday — 9 and 11 a.m.
Weekdays — 9.30 p.m.
Saturday — 11 a.m.
First Friday — 4.30 & 8.30 p.m.

CONFESSIONS

Monday-Friday — Before every Mass.
Saturday — 1900-2000 hours.
Sunday—Before and during both Masses.
Other times—by appointment.

Note: If there is no priest in the Confessional, ring "Confession Bell." Parents are asked to remind their children to come to Confession after school on Friday afternoon, that is, from 1600 to 1630 hours.

NURSERY SERVICE

During 11 o'clock Mass, young children of parents who attend this Mass will be cared for by nursery service in the Chaplains' quarters.

BAPTISM

Usually on Sunday afternoon. If this is inconvenient, another day of the week may be chosen. Telephone the Chaplain's secretary during working hours to arrange the date and the hour. This will make it possible for the papers and certificates to be filled in beforehand.

Distaff Side

Last week we printed a recipe for Chocolate Dad's Cookies. It was a very good recipe until it fell into the hands of the Voxair staff. Somewhere along the line 2 of the more important ingredients went missing and at least one poor soul was left with a soupy mess and a puzzled expression when she tried to bake these cookies. We will reprint the entire recipe this week and just hope the boys are all wearing their spectacles when they put the paper together.

CHOCOLATE DAD'S COOKIES

- 1 cup margarine
- 1½ cups brown sugar
- 2 eggs
- 1 cup white flour
- 1 tsp. baking soda
- 2 cups oatmeal
- 1 tsp. vanilla
- 1 tsp. cinnamon
- ¼ tsp. salt
- 4 heaping tablespoons cocoa

Blend the margarine and sugar well. Add eggs and beat well. Sift flour, baking soda, cinnamon and salt and add to first three ingredients. Add vanilla. Combine oatmeal and cocoa and add, mixing well. Drop from teaspoons onto greased cookie sheet. Bake at 375 degrees for about 10 minutes.

Our humble apologies to Mrs. Ross for any embarrassment caused by the mixup in the recipe, and to any of you who tried the recipe, only to run into grief. This has only happened to us twice in the process of printing recipes, and both times, through no fault of Mrs. Ross, they have been her recipes. We certainly hope it won't happen again, but in case you ever have any doubts when trying a recipe, please feel free to call me, at VE 2-6149. Any printed matter which is turned into the Voxair, must, of necessity, go through many hands before it is finally the finished product which you receive at your doors each week. It is only natural that the odd mistake would slip through occasionally, so please bear with us, folks. We will try to do better.

EDITOR'S NOTE: Apologies to Mrs. Ross. We promise to try her recipe.

CATHOLIC WOMEN'S LEAGUE

It is a great pleasure to bring you a report on our annual Bake Sale, held on Dec. 4th., as it was certainly a great success. The tables looked lovely, decorated in a Christmas theme, and loaded as they were with goodies and fancy goods. The sale officially opened at 7 p.m., and by the time bingo began there was not a great deal left. Small wonder, since everything contributed looked so very good, and everyone had obviously taken much time and care in the preparation. There was a candy table, consisting mainly of fudge, a large bake table, a table of fancy goods and novelties and a few very nearly new items. There were two raffles, one for a very chic hat and scarf, made by Edna McDonald, which was won by Henrietta Dugas, and with a second prize of a Christmas centre-piece won by Mrs. Conley. The other

was for a large, beautifully decorated fruit cake, contributed by Mrs. Hodgson of the Multiple Sclerosis Society, which was won by Mrs. Meindl. Last, but by no means least, our cook book went on sale for the first time, looking very smart in a choice of four gay covers. For this we extend an especially big "thank you" to Rita Harris. How much time she put in on this project only she knows, but it was certainly an outstanding effort. Also a big "thank you" to F/O Genevieve LeBeouf, who gave a great deal of help and co-operation, and a number of other willing helpers who pitched in and helped to get the books completed in time for the big day. By the way, further copies of the cook book will be available for some time, and will be on sale in the religious goods store at the back of the Chapel. Very many thanks also to Doreen Desjardins, whose efficient organization made the Bake Sale run so smoothly, and to all those whose hard work helped in so many ways to make the evening a success. We certainly feel it was all worth while, since we came away with approximately \$300, which will help wonderfully with our Christmas charities.

We hear that our teen-agers of the Y.C.S. groups had a great time at their Christmas party on Friday, Dec. 6th. They tell me the hall looked lovely, that they had a "real swingin' time," and that there was more food than they could eat! Speaking as the mother of two always-hungry teen-agers,

By MICHAEL J. KOSTER

From Mexico there is a field which contains a whole lot of interesting history. Of course, interest in Mexican Numismatics has been on the gain for some time and it's really going strong now.

It is supposed to be a recognized fact that the hemisphere's first coinage was accomplished in Mexico. Some people claim that from that coinage we have received a vast and intriguing heritage. But there are a lot of things about Mexican numismatics that most of us don't know, so for those who are going to start on a coin collection on Mexico, get yourselves a Whitman coin folder for fifty cents.

I think it will stimulate enough interest so that you will want to follow the field on your own. The Whitman Publishing Company will guide you through a century of Mexican coins. Their blue folders and guide books are available at your hobby dealer.

Next Friday we'll have some info for you on our previous meeting of the Astra Numismatic society of Tuesday, 10th of December.

PERSONALITY OF THE WEEK

F/L W. D. KOSTIUK

F/L 'Wally' Kostiuk is one of 111KU's more senior Dakota and Albatross captains. This is his tenth year of flying with Search and Rescue. He served with 105 C&R Edmonton and 121 C&R Sea Island before joining 111KU in January 1960.

Raised and educated in Blaine Lake, Sask., Wally joined the RCAF in 1941 at the age of 19. He received his training at Dauphin, Man., and Summerside, P.E.I., and after completing the Hudson OTU he joined 407 Sqdn-Coastal Command.

After VE Day Wally returned to Canada for the Dakota OTU and joined 437 Transport Squadron for another tour overseas. From 1951 to 1960, besides serving with Rescue units, he completed a tour of recruiting and served with the UN at El Arish.

While overseas, Wally married an English girl, Kaye Tucker, from London. They have a daughter Carolyn (13) and a son David (16).

F/L W. D. KOSTIUK, C.D.

Wally is engaged in many activities such as water ski-ing, skuba diving (he is president of the Station club), curling and golf, to mention a few.

FAREWELL PARTY FOR MRS. MILLAR

Mrs. W. B. Millar left, wife of retiring Wing Commander W. B. Millar, is pictured with Mrs. W. R. Graham, president of the Officers' Wives Club, at the December dinner meeting held at the Paddock Restaurant. Wing Commander and Mrs. Millar will leave for Penticton, B.C., early in the New Year.

111 KU

(Continued from page 1)

by aircraft, flown by F/L "J. P." Wood, was on its way to Hall Beach. This time a search was being organized to look for a missing teacher and Eskimo. Arriving at Hall Beach in the early hours of the morning the crew tried to get some sleep but a few hours later they were informed that the missing pair had just walked in. Another search was over and the 111 Dak set heading south for home.

On 17 Nov. a Mr. and Mrs. MacDonald departed from Winnipeg for Lakehead in their Piper Tri-Pacer. When they failed to arrive, 111KU was alerted and a search organized. By the next morning all available 111 aircraft were airborne as well as Reserve and civilian aircraft. A Reserve Otter located the missing aircraft, on its back, six to seven miles north-north west of Pine Falls, Man. RCC chartered a helicopter to fly out the survivors but due to the lateness of the day the helicopter could not effect the rescue until next morning. An Albert, flown by F/L "Jim" Brohman, was dispatched to the scene to assist in any way possible. When it became apparent that the MacDonalds would have to remain another night at the crash, extra equipment was para dropped to help them through the night. Next morning the helicopter arrived and the evacuation was carried out.

In passing, while this activity was going on, a 111 Dakota was sitting it out in Yellowknife, NWT, due to severe weather conditions. After a few days the weather lifted and the aircraft headed for home, only to develop engine trouble shortly after take-off, resulting in an immediate return to Yellowknife and a call for help to the home unit. A repair party was flown in by another 111 crew on Sunday, 17 Nov. The following day both Dakotas returned home.

On 19 Nov. RCC was notified by the RCMP of a hunter missing in dense bush east of Manigotogan on the east shore of Lake Winnipeg. The hunter, a Mr. Buday of Winnipeg, was last seen by his companions at Currie Landing on the previous day. An aircraft was required to search the area and to direct ground search parties. The

stand-by Dak, flown by F/L L. Houle, departed from Winnipeg at 1500 hrs. to carry out a day sweep of the area and then a night sweep to look for a signal fire. The day search failed to uncover any sign of the missing hunter. However, shortly after dark, a pin point of light was sighted south of the Manigotogan-Currie Landing road. Investigation revealed a camp fire and a figure was seen waving at the aircraft. As radio contact could not be established with the RCMP the rescue aircraft dropped flares in the vicinity of the fire and circled the area to direct the ground party. On reaching Mr. Buday the ground party were informed that the signal fire had been lighted by the hunter's last match.

While 111KU was catching its breath after this flurry of activity another air evac developed on the 28 Nov. At 0600 hrs. that morning the stand-by Dak, flown by F/L "Wally" Kostiuk (who just happened to be stand-by Captain again), departed for Dauphin, Man. During the night there had been a serious accident in the Riding Mountain area between a truck and a bus. The truck driver was dead and the bus driver and a passenger were in critical condition. The Station SMO, F/L Cornford, and Nursing Sister McNulty accompanied the aircraft. Arriving Dauphin at 0800 hrs. there was a short delay while ambulances brought the patients. The actual loading of the patients was complicated by the serious nature of their injuries and low temperatures plus drifting snow and a chilling wind. The aircraft made excellent time returning to Winnipeg where the patients were transferred to waiting ambulances and removed to the Winnipeg General Hospital.

This was the way November ended for 111KU, a busy but successful month for the unit. Without exception, every alert answered by 111KU had been brought to a successful conclusion.

Let us hope that the holiday season remains peaceful and full of joy and that 111KU's services will not be required by people missing in the bitter Canadian winter or by tragedy resulting in serious injury.

However, if the need arises, 111KU is on stand-by 24 hours a day all year round, ready to depart at a moment's notice.

RCAF BUFFALOES

The station team will play in the opening game of the Inter-Lake Hockey League in the Winnipeg Arena on Wednesday, 18 Dec. at 8:30 p.m. against Beausejour Beavers.

Admission is free so let's have a good representation from Station Winnipeg to cheer on the home team.

SHE ASKED FOR IT

Chatting at a social gathering the woman had been badgering the operator of a garden nursery for some free advice. Finally she asked him what might be good to plant in a spot that got very little sun, was dry and sandy, and was in a corner of the yard next to the house.

"Lady," he said in exasperation, "how about a nice flagpole?"

KADET KAPERS

By Mick

Judging by this weekend's snow storm, it looks as though we are assured of a White Christmas, that is for anyone staying in the Winnipeg area. It's hard to say what it will be like down around the "Banana Belt" which is where most of the cadet population seems to be heading for the festive season, though I hear Dave Ley is heading for the sunnier climes of California.

While on the subject of Christmas, don't forget to pick up your exclusive Christmas cards, available at the Mess at \$1.50 per dozen. May be they didn't quite come up to expectations, but they are still nice to send to friends and relatives.

Now that the Mess cloak room has been re-organized, many of us are finding our names listed in the rumble book more often. If the facilities are used as designed, the Mess Manager's Office won't have to handle as many misplaced hats, gloves, etc., as it has been doing in the past week. If you can't figure out all those signs, numbers and

arrows down there, buy a manual of the Highway Code—they're all listed.

This past weekend was a rather quiet one at the Mess for a change, due to the lack of any major functions, and I suspect, the weather. However, the Sunday evening movies are still proving very popular and usually play to a full house. A band-dance is planned for the 14th of this month, and a Graduation Dance on the 20th. So come on out to these events and have a last big fling before Christmas.

Latest news from the proverbial "grape vine" states that O/C Ross and wife are expecting twins in the near future. How about that? The must be going at 2 for 1 this year!

See you next week.

CATHOLIC WOMEN'S LEAGUE

(Continued from page 3)

that would seem to be quite an accomplishment! They would like to thank all those responsible, their chaperones Mr. and Mrs. McMennon, and especially Father Grant, for a wonderful evening.

CADET OF THE WEEK

O/C J. M. D. I. LEBLANC

This week's selection as Cadet of the Week, Mike Leblanc was born in Rouyn, P.Q., on 26 Jan. 42. After completing his secondary school education at Seven-Islands, he attended the University of Shawinigan for a short time, then went to work for the Quebec North Shore and Labrador Railway. Mike joined the R.C.A.F. in August, 1962, and is presently undergoing Radio Officer training with course 6302. An ardent sportsman, he takes part in most sports and has won awards for badminton, curling, hockey and gymnastics.

FIRE PLUGS

CPL. W. M. DAVIS

HAVE A FIRE SAFETY "CLAUS" IN YOUR CHRISTMAS POLICY

When 93 persons died in the Chicago school fire two years ago the whole of the North American continent was aghast. However when over 93 people died in fires between 6 p.m. December 24 and midnight December 28th, 1958, there was hardly a ripple of excitement.

While these fire deaths reached an unusually high figure, it could have been foretold that there would be many deaths from fire over the Christmas holiday. Ontario Fire Marshall W. J. Scott stated, "Yuletide fire losses follow such a consistent pattern year after year that they can be closely predicted".

Beginning with the arrival of cold weather when heating systems contribute to an uptrend in the occurrence of fire, losses continue to mount with the coming of the festive season. The additional hazards of Christmas trees and decorations in the home, stores and public places give an extra boost to the already high figure of fire losses.

Unfortunately there are numerous examples to illustrate the dangers. In one instance a fire, which fed on a Christmas tree, suffocated three children ranging in age from 14 to 2 years. Five children and two adults narrowly escaped the same fate and investigation proved that this fire was also caused by faulty tree wiring.

None of us wish to do away with the many age-old and beautiful traditions of Christmas, but we can reduce their potentially high fire hazard in a number of common-sense ways.

It takes only 18 seconds for a dry evergreen tree to burn furiously to charred wood. While there is no such thing as a fire-proof Christmas tree, there are ways to erect trees in the home that greatly reduce the fire hazard.

The first thing that must be done if the Christmas hazards are to be mitigated or eliminated, and loss of life and property cut, is to pierce the lethargy of the entire community. It must be realized, whether many lives are lost at one time in one place or nation-wide over several days, the results are the same and the families just as bereaved. Any one of our readers can become one of the fatal statistics of the coming holiday season.

The ghastly toll of Christmas fire deaths can be cut. It is a goal worth striving for; the stakes are high. Success in such a campaign will mean that our community will enjoy unmarred, the peace and happiness which belong to this Holy Season.

The following points will be of assistance in this program.

- (a) Cut a growing tree or buy one that has not dried out from prolonged storage.
- (b) Stand the tree in water or snow outside until you are ready to use it.
- (c) Bring the tree indoors just before Christmas and take it out as soon afterwards as possible.
- (d) The larger the tree the greater the hazard, so don't get one larger than you need.

- (e) Just before setting up the tree, saw off the trunk at an angle 1 inch above the original cut.
- (f) Place the freshly cut tree in water and keep the level of water above the cut the entire time the tree is indoors.
- (g) Support the tree well; do not put it near sources of heat (radiators, fireplaces, etc.) or where standing or fallen, it would block an exit from a room or house in case of fire.
- (h) No person should smoke or use any flame producing device within five feet of the tree.
- (i) Christmas trees are relatively safe as long as they continue to absorb moisture. If the tree stops absorbing water, it shall be removed immediately this condition is confirmed. In any event the tree shall be removed within two weeks of the time installed.
- (j) Branches of trees shall not be used for decorations.
- (h) When combustible materials are used they shall be of the flame retardent type.

Tragedies caused by Christmas trees invariably involve children. It is essential that great care be taken to avoid turning the Festive Season into a tragic occasion.

CIVILIAN PERSONNEL REPORT

STATUTORY HOLIDAYS

The Governor in Council has proclaimed Thursday, 26 Dec. '63 and Thursday, 2 Jan. '64 as holidays for Classified Civil Servants and Prevailing Rate Employees.

Employees required to work on either of these days shall be compensated in accordance with existing regulations for holiday work.

FOUND ARTICLES

The following u/m articles are being held by Air Force Police, and may be claimed by the owner(s) during normal working hours, on proof of ownership:

- Lady's handbag containing costume jewelry and wedding rings.
- Baseball glove.
- Assorted earrings (found at drama club).
- Engagement ring.
- Three ladies' watches.
- Man's glasses.
- Lady's glasses.
- Change purse with black ladies' gloves.
- Two wallets.

STN. WINNIPEG RIFLE ASSOCIATION

The indoor 25-yard range will be open between the hours of 1800 and 2200 every Tuesday and Thursday evenings for recreational shooting. All service personnel and dependents over 16 are urged to come out and give this worthwhile sport a try.

ADMISSION by DONATION
all proceeds for christmas
baskets for needy families

The Christmas Hootenanny being held in the Senior NCO's Lounge is to raise funds to purchase food hampers which will be presented to needy families at Christmas.

Names of families are being obtained from the Christmas cheer board of the St. James welfare association.

As can be seen from the advertising, the day will be packed with entertainment.

All Sr. NCO's who wish to volunteer their services to help make this endeavour a success should contact Sgt. Jack Parkhill, Local 648, or leave their names with the bartender.

Personnel are required to aid in packing food hampers and also to deliver these hampers to the needy.

Help your Mess to help the needy have a Merry Christmas.

St. James Speedskating Club

The cold weather is finally upon us and all the young skaters are honing up the blades for the coming season.

The executive members of the NEW St. James Speed Skating Club have spent a lot of time this past summer collecting skates and appearing before various committees and organizations, trying to obtain facilities for this year's activities. In this regard they have been very fortunate. Through the generous assistance of the St. James City Council, the St. James School Board and the St. James Board of Parks and Recreation, the Club has the use of the quarter mile track at the beautiful new St. James Memorial Sports Park which was established and built originally by the St. James Branch of the Royal Canadian Legion.

The executive is also very pleased to announce that this year our coaching staff will be headed by Mr. Frank Stack, the prominent and outstanding speed skating champion. Mr. Stack is very well known in speed skating circles, having been a member of Canada's Olympic team and active for some years with the Winnipeg Club. We are indeed very grateful that our members will benefit from his vast experience.

The Club will be conducting regular practice, coaching, and training sessions at the new Memorial Park, the corner of Amhurst Street and Silver Avenue, and also holds and participates in Club and Championship meets throughout the winter months. In addition, the Club assists the St. James School Board with its skating races every Saturday afternoon and also with the St. James Schools' Skating Championships held in February each year. This is a very energetic program but well worth the time and effort when so many of our youngsters can participate.

The Club will commence skating activities this winter with a novice meet starting at 1:15 p.m. on the first Saturday that the ice is available. On every Saturday afternoon races will be held as follows:

- (1) 1:15 p.m.—School races for St. James Schools' Skating Championships—open to all school children wanting to race, either with or without speed skates.
- (2) 2:15 p.m.—St. James Speed Skating Club "Club Races"—members only.

Practise, training and coaching sessions will be held every Tuesday and Thursday, 6:30 to 9:00 p.m., and following school and club races on Saturday afternoons.

The following is a list of "Meets" which will be coming up in the next three months. This is published to give you an idea to what extent the sport of Speed Skating has progressed and also to give our young people some idea just how far they can go if they possess the necessary "drive" and competitive spirit so essential in this wonderful sport of Speed Skating.

DECEMBER 14 AND 15:
 National Olympic Team Final trials at Sargent Park: 2:00 to 5:00

DECEMBER 28:
 Community Centres Championships at Sargent Park (Winnipeg Parks Board, Recreation Division).

JANUARY 25 AND 26:

Manitoba Provincial Championships at Sargent Park, 2:00 to 5:00 p.m.

FEBRUARY 2:

Inter-club races.

(Elsewhere—February 1 and 2—Canadian Outdoor Speed Skating Championships, Red Deer, Alberta)

FEBRUARY 8:

Metro School Outdoor Championships—Individual and Relay—Sargent Park. (Elsewhere—10,000 Lakes Championships at Minneapolis, Minn.)

FEBRUARY 15:

Winnipeg Schools versus Metro Schools.

FEBRUARY 16:

Junior Olympic Style Meet (inter-club) at Sargent Park.

(Elsewhere—1. Canadian Olympic Speed Skating Championship, Edmonton, Alta. 2. Canadian Open Outdoor Championships, Barrie, Ont.

FEBRUARY 22 AND 23:

Manitoba International Championships, Sargent Park.

FEBRUARY 25 AND 26:

St. James Schools' Skating Championships, Memorial Sports Park.

FEBRUARY 29:

St. James Speed Skating Club closing "Club Races."

MARCH 20:

Annual St. James Speed Skating Club awards night and wind-up party.

This looks like a very interesting schedule and I'm sure you would enjoy the activities offered to you by the new and very energetic St. James Speed Skating Club. New members are always welcome so why not drive out to the Memorial Sports Park and have a look for yourself.

Dependents of RCAF personnel are very welcome to enjoy the facilities of this Club. As a matter of fact an eight-year-old dependent now holds the Manitoba Provincial Championship, Club Championship and a second place medal in last year's International Meet. Do you have a son or a daughter that loves to skate? Perhaps a son that feels he'll never be another Gordie Howe in the arena. During the long winters your son may be engaged in hockey, how about your daughter? A very large number of our members are girls. The only Canadian Champion in last year's International Meet was a little girl and a member of the St. James Club.

Anyone desiring more information please contact Cpl. O. W. Karkkainen at local 406 or VE 2-0126.

ARID COMMENT

After the Sunday morning service the three men were walking home and discussing the sermon. "That new minister can dive deeper into the truth than any man I ever heard!" enthused the first.

"And he can stay under longer," agreed the second.

"But he comes up drier," demurred the third.

HOGGING THE ROCK

By KEN STEPHENSEN

So far this year, I haven't heard of a seven ender in the club, although there have been two close opportunities. The most recent incident occurred in the Beaulieu vs. Nelligan match. Beaulieu had seven blue counting with no red in sight, when Nelligan went to shoot his last rock. He fired a little wide and ended up just rubbing a blue, however his red stayed, mainly because Beaulieu was hypnotized by the possible seven ender, and wasn't alert in sweeping out the Nelligan stone. Instead of seven, Beaulieu counted three.

Perhaps it's all in my mind but, it seems to me, that as a lead, everytime I miss a shot I'm told I was either wide or narrow of the broom, too heavy or not enough handle, etc. However, when a skip misses I usually hear: it didn't curl, or, she fell back, or, it picked up a straw, etc. These conflicting explanations prompted me to write the following:

SKIP'S PRAYER

Lord, give me strength to face the truth,
That I no longer am a youth,
With perfect weight to draw inside,
Delivered from a lengthy slide.

Lord, give me hope that I may learn,
To take the blame, when comes my turn,
Release me from that urge to say,
I made the shot, but didn't stay.

Lord, give me faith, that I'll believe,
My Third to me, does not deceive,
By moving brooms behind my back,
When I am heading to the hack.

Lord, give me grace, that I may hear,
Suggestions, though they bring a tear,
For Leads and Seconds must be heard,
As I recall, when I was Third.

Lord, stop me when I start to boast,
To other curlers, that I host,
Remove temptation, not too late,
So that I will not exaggerate.

Lord, thou knowest me, better than I,
So forgive me Lord, if at times I cry,
For it's awfully hard to control the rheum,
When the rest of the team, is off the broom.

Pointer to ponder—Vic says "a good team will not have as many flukes as a less experienced team" . . . it makes sense when you think of it. When a good player misses, it usually involves inches, whereas a less experienced player often rubs in or raises a rock three or four feet to the side of his intended target.

Lipstick + glass + enthusiasm = one cut hand!!! One of our bartenders sustained several cuts to his hand while washing glasses and trying to rub the lipstick from the edge of the glass, which had been chipped from tapping on the glass that overlooks the ice surface. Secondly, tapping glasses on the windows is not helping the view of the spectators and numerous scratches are already evident. The answer is simple, please don't tap your glasses on the windows and if you find you have a cracked

glass, bring it to the bartender's attention so he can take it out of circulation. While on the subject, I'm sure it would be much appreciated if members would return their glasses and bottles to the bar when they vacate their seats behind the glass. This reduces the workload considerably and also leaves the area tidy for other members.

Three reserved parking places have been allotted to the President (who voted against the motion), the duty bartender and the ice-maker. The duties of these persons are reason enough to warrant the committee's decision on this matter and all members are asked to cooperate accordingly.

Several members have asked for copies of the VOXAIR and a limited supply is available from the bartender in the club. These copies are for members who are not on the circulation list in PMQs or at their place of duty.

Last Saturday the Club Consols Playdowns continued with the Sather rink winning the "A" side of the double round knockout by defeating Trimble's rink 8-4. Both teams took turns scoring, but the big difference was that the Trimble rink could only manage one on each end they scored, while Sather managed two each time they hit the scoreboard. . . . Both teams returned to the ice after a rest to determine who would enter the finals of the "B" side. Previously, the Maxwell rink, despite the efforts of their temporary Lead, defeated Bill to win a berth in the "B" final. Trimble picked up one in the first end, but Sather came right back with a big four. This didn't shake Trimble as much as one might expect because he scored two in the third to keep the game in reach. Sather's single in the fourth was overshadowed by Trimble's three ender in the fifth. After a double by the Sather rink and a Trimble single, it was all tied up 7-7 after seven. Trimble's single in the eighth was enough to win, as Sather blanked the ninth and Trimble stole one coming home. Final score 9-7 for Trimble who will now meet Maxwell for the "B" side final, with the winner to meet Sather for the Consuls final 2 out of 3. Unfortunately our press deadline comes first.

RCAF vs. DEER LODGE . . . Last Sunday night I ventured out into the blizzard and finally made my way to the Deer Lodge Curling Club which hosted the RCAF in the Inter-Club League. Once again the burden of success rested on the shoulders of Curly Lord and his team of Art Taylor, Ed Hanney and Roy Mills. They met the 1962 Zone II Consol winners skipped by Ross Pearce, with George Glazer third, Harv Forbes second and Bob Trimbath lead. Lord's rink won the toss, but Pearce came right back with a big three in the third and stole two more in the fourth. The teams then exchanged singles for three ends and after seven ends the RCAF led 6-4. Pearce attempted a difficult shot in the sixth, however he failed to get the RCAF rock out of play and instead of Pearce counting five, Lord counted one. In the eighth Curly again scored three, gave up two in the ninth and ended the game with two coming home. Final score: Lord 11, Pearce 6.

Although players on both teams experienced critical misses, I think the deciding factors were, that Curly had his draw weight when he needed it, and that George Glazer was not playing up to his usual standard.

On the other ice, Ron Powell's team of Lovell Lord third, Jim Lord second and Jim Sims lead met Glen Cirton with Bruce McLeod third, Grant Laycock second and Glen Cooper lead. Powell's rink had their big moment before the first rock, when they won the toss, after that it was all the Cirton rink. For two ends both teams exchanged rocks evenly with Powell blanking the first and missing his final stone in the second to put Cirton one up. Powell's boys curled well enough to stay in the battle if they had gotten some help from Ron. however it wasn't his night, so Cirton, using a combination of good curling and Powell misses,

ran away with the game. Final score: Cirton 12, Powell 5. Strathcona's Scales and Fry defeated East St. Paul's Kirn and Sulkern 9-2 and 7-6 respectively, and took sole possession of first place in "B" Division with the RCAF one point behind.

Mixed League . . . Jefferies conceded to Bryant in the eighth with the score 10-2 at that time. . . . On ice 4 Lee McKee held her own for six ends but then the Garnett rink skipped by Young pulled away to win 10-3. . . . The Langdon-Anderson match was a close one all the way. In the 6th Mrs. Langdon's rock went haywire before crossing the first hog line. It started straight, believe it or not, then made a left turn into the divider. Probably a piece of gravel. Bill Eaton made a beautiful double take-out in the seventh, at least Anderson appreciated it. Anderson was light on his

XMAS PRIZE BOWLING CASUAL

On Wed. 18th, Fri. 20th and Sat. 21st Dec. the bowling alleys will be open to a Turkey Prize Bowling Competition.

WHO MAY ENTER — All personnel and dependents of Station Winnipeg.

Rules:

- (a) Register with alley manager and declare for Skill or Luck.
- (b) Roll 3 games at 20 cents per game.
- (c) Skill winner will be top score for 3 games with a winner declared every 10 bowlers.
- (d) Luck winner will be one hidden score or nearest for 3 games with a winner declared every 10 bowlers.
- (e) Remember—all personnel and dependents are eligible.

Bowling times are: Wed. and Fri., 1830 until 2230 hrs. Sat., 1330 until 1700 hrs. or until a turkey has been won.

GET IN ON THE FUN! TRY YOUR LUCK OR SKILL FOR A XMAS TURKEY!

HOGGING THE ROCK

(Continued from page 8)

last rock coming home and blanked the end, Langdon winning 9-8. . . .

GUS GOES ON WAIVERS . . .

Gus Bacon, presently on the injured list, sat behind the glass and watched as his pretty wife Doreen skipped the team to a 12-9 decision over the Monteith rink. We couldn't tell if Gus was delirious because his wife won or because he was temporarily out of a job. Anyway that makes the Bacon record 4 and 3. Let's see what happens next week.

* * *

TOMORROW NIGHT . . . Inter-Club League . . . RCAF vs. Charleswood Curling Club at the RCAF rink, 7 p.m. Let's have a good turnout.
